

ProVaR director receives IPPS rosebowl

John Hedger of New Place Nurseries has been awarded the rosebowl at this year's IPPS conference in Edinburgh by Abi Rayment.

The rosebowl is awarded annually by the current IPPS president, to the person whom they feel has best exemplified the IPPS motto of seeking and sharing, and who has done the most to promote the interests of IPPS and of professionalism in plant propagation and production or ornamental horticulture.

John has always encouraged his staff to attend IPPS events, and has hosted several area meetings at New Place Nurseries over the years.
